Presentation of Charlie Hunton Award - Charlie Hunton

Charlie Hunton presented the 2015 award to Rich Robinson, American Synthetic Rubber Company. Rich has begun a new position with the company in another State. Rich thanked the group and reflected on his involvement with RCAC over the years. ASRC Plant Manager Guillaume Coiraton added his comments, thanking Rich for his service to the Louisville plant.

Transforming Dixie Highway - Gretchen Milliken

Gretchen Milliken, Director of Advanced Planning for Develop Louisville, along with Jeff O'Brien, Deputy Director, shared plans for improvements along the Dixie Highway corridor using the \$16.9 million TIGER grant from the US Department of Transportation and \$11.5 million Dixie Do-Over Project funded by the State. The TIGER grant project has three components including completing the street improvements under the Dixie Do-Over Project, implementing intelligent transportation systems, and bus rapid transit. Aida Copic, TARC Director of Planning, explained how a new bus rapid transit system will reduce commuting time in the corridor for bus patrons.

Two phases of the project have been budgeted. Phase I will begin in 2016. It will include Dixie Highway from Crums Lane to Rockford Lane. Phase II, from Rockford Lane to Greenwood Road, will begin in 2018.

A thank you was given to Mary Woolridge, Louisville Metro District 3 council member, for arranging this presentation to the RCAC.

Presentation of Incentive Awards to RCAC Members

Company representatives and plant managers individually recognized all attending RCAC community members and presented incentive awards to the qualifying RCAC members to benefit their chosen 501(c)(3) charitable organization. Qualifying members were Phil Ball, Gerald Gammons, Martha Gammons, Paul Graf, Earl Hartlage, Beverly Jones, Brenda Kelting, Kenneth Madison, Barbara Paulin, Richard Springston, Gordon Welker, Ed White, and Mary Jo Wimsatt.
